Direct Dial Telephone Company Access Numbers for Calling from On Base

These are Long Distance Access Numbers for making long distance calls from base housing telephones. Dial the sequence given below, then the number. To call home to the US, dial the code for NTT (International, 3.9yen or about 4 cents a minute) then the international access code and the phone number. For Example: 96-001-1-Area Code-Number.

Long Distance Company	Dialing Sequence
KDDI (International)	96 - 001
NTT (Long Dist. In Japan)	96 - 0033
MCI (Long Dist. In Japan)	96 - 0071

Calling Card Access Numbers

For making long distance calls from on base using a calling card instead of the above phone companies, dial the sequence below, then follow the instructions on your card.

Card Type	Dialing Sequence
AT&T	98 - 00539 - 111
MCI	98 - 00539 - 121
Sprint	98 - 00539 - 131
MCC	98 - 00539 - 124 - 194
KDDI SWC	98 - 0055

CALLING FROM OTHER COUNTRIES TO MCAS IWAKUNI

Placing International Calls from Outside Japan to On Base

Calling from the US to a Base Number

Drop the 253 from the base phone number.

If the Number Format is: 253-XXXX

Then You Dial: 011-81-827-79-XXXX

Calling from the US to Japanese Cell Phone

Drop the leading zero from the cell phone number as shown below.

If the Cell Phone Number Format is:

080-XXXX-XXXX or 090-XXXX-XXXX

Then You Dial: 011-81-80-XXXX-XXXX

or 011-81-90-XXXX-XXXX

DSN Line Calls

DSN from CONUS: 315-253-XXXX

DSN from within Japan: 253-XXXX

IMPORTANT NOTES

While you are in temporary lodging, you will not be able to place calls to Japanese cell phones from the phones in the rooms, because these calls are not free. Ask at the front desk for assistance in placing these calls. Also the only calling card that works from temporary lodging rooms is the blue Military Access Prepaid Card, available for purchase in the Crossroads Mall and 7-Day Store.

011 is the international access code for dialing from the U.S. Consult your local telephone directory or phone company to obtain international access code for calls placed from countries other than the U.S.

XXXX is the last four digits of the telephone number you are trying to reach.

Do not dial the 253 for base telephone numbers unless you are on base or using a DSN line to place the call.

For further clarification or general questions about telephone calls, contact the base phone company at 253-5555.
